Ken Dickson, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Before April 14, 2011, Ken Dickson lived a life indistinguishable from those of other residents of his Phoenix suburb. The normally healthy fifty-five year-old held a regular job and lived with his loving wife, two teenage daughters and an assortment of pets. On that mid-April day though, the course of his life forever changed when he learned he must undergo surgery to remove a damaged portion of his lower intestine. A fluke injury unknowingly inflicted days earlier while he worked in his yard resulted in an unseen infection that damaged it beyond repair. The life-saving surgery and associated medications become catalysts for an unbelievable chain of events that cause the formerly mild-mannered man to spiral into the chaotic mental illness known as mania. Dickson then experiences a whirlwind of trips to emergency rooms, hospitals and ultimately, psychiatric facilities where additional medications further seal his fate. Told from the real-life perspective of someone suffering from mental illness, readers will observe first-hand the adverse reactions to medications, misdiagnoses, improper treatment and other factors that work together to send Dickson spiraling into a seemingly inescapable hell. Despite overwhelming obstacles, Dickson struggles bravely to reclaim the life he has lost. His journey proves to...
